Lab Assessment Questions

1. What is the main advantage of a bootable forensic suite like Helix?
2. Describe five Process Explorer (ProcExp) features that can be used in computer forensics as part of an investigation.
3. Which forensics tool would you use to reveal recent pages viewed via the Internet Explorer browser?

4. How would IECacheView help a forensic investigator?
5. All of the tools used in this lab are intended to analyze data. What is the difference between data and evidence?
